No dangerous driving

under the influence of drink meant that a person had consumed some that a person had been to be under its influence. The question demanding an answer was: "Had. Mrs. Broomhall had so much that she was incupable of having consumer that the was incupable of having the consumer that the property of the state of the consumer that the property of the state of the consumer that the property of the state of the consumer that the state of the consumer that the property of the state of the consumer that the property of the state of the consumer that the property of the state of the state of the consumer that the property of the state of the stat

a said he had driven the head with the case soon after the headers.

Missing evidence

The defence had called a garage manager to say the gears were at fault six days later, but there had been no evidence of chauffeur—two people who could have given valuable information. It was sometimes said that police means a great state of the could have given valuable information. It was sometimes had that police means a great state of the could have given valuable that police means a summing the worst of anyone. Had the Off cer put his head through the car window, been met by a blast of alcohol and said "Oh-ho, she's under requiring other evidence!" without the shop still bears his later.

The defence

The manner is been diversed to the could have given been diversed to the well-known that he head been a constitution to the manufacture of the well-known that he head been a constitution of the manufacture of the well-known that he head been a constitution to the manufacture of the well-known that he head been a constitution to the manufacture of the well-known that he head the deep water the

The manner in which the car had been driven was the deciding factor and there had been no complaints about that, said Mr. Jones for the defence. All the prosecution alleged was that the woman had grated the gears and had difficulty in starting

The drinks
Mrs. Broomhall admitted having
two Moussees at the Bell Hotel, and
two small bitters and a gin and tonic
at the Harrow Inn.
It was stated, int Mrs. Broomhall's
husband was of independent means.
The couple lived on capital which
yielded an income of less than £200
a year. Serving in the motor transband driven mobile canteens in bilitzed
areas during the war and had a good.

When summing-up he had said it was fortunate no damage had been doned dangerous driving was not involved.

"But" said the Recorder, "we can to shut our eyes to what is going on today on the roads. Many hundreds of people are killed every month."

The jury's job was to try the case with their heads and not try the case with their heads and not try to with the defendant.

Why you drink

Under the influence of drink meant that a person had consumed some that the town have been that the town have given the town the town that the town have been that the town have been the town that the town have been that the town had the town that the town had the town
